BRAND Style & Design

Transversal and multifaceted surfaces

Our idea of style is based on a different design approach, which has always disavowed all identity processes and stays a cut above the trends, interpreting them in a distinctive manner. The Rainbow collections stand out for their handcrafted beauty and subtle and intelligent use of technology, which is never obvious. They refer to the past without indulging in nostalgia, giving spaces a natural warmth and a timeless look.

THE RESULT OF AN EVOLUTIONARY TECHNOLOGY THAT ELIMINATES

We bring the revolutionary mechanism to manufacture modern tile collection. The technical know-how we use has the most upgraded version that can create great designs for your decor.

Merely technology can not bring the results we intend to provide. Our exceptional scholars put in their best work in their knowledge to get an output that not only satisfies our customers but make us the leading manufacturer as the best quality providers.

Superior technical characteristics of our porcelain tiles make them suitable for use as work tops of all kinds, with a visual appeal that equals and even surpasses that of any other material.

With the help of pressure and temperature we transform 100% natural materials into porcelain surface which combines the best of ceramics design with natural stone resistance.
